

Anesthesia/Surgery Consent Form

I hereby authorize PARMER LANE PET HOSPITAL to administer a general anesthetic to my pet. I understand the potential risks associated with general anesthesia and surgery. The cost of surgery includes anesthesia, surgery, a pain injection, take-home pain medication, and suture removal (if needed). In the event of a sudden complication or emergency, I give my permission to perform any procedures or treatments deemed necessary. I understand that I am responsible for any additional charges due to unexpected complications.

Owner: _____

Surgery to be performed: _____

Phone # where you can be reached today: _____

Pre-Surgical Blood Work

We use only the safest anesthetic agents available. All pets are given a physical examination prior to surgery at no charge. In addition, the doctors recommend a series of blood tests to better evaluate your pet's health status. These tests help rule out pre-existing conditions that may not be apparent on a physical examination. After a small blood sample is taken, accurate results are available in minutes. The cost of this service is \$58.00. Please initial your preference below:

_____ Please complete the recommended blood work before administering anesthesia

_____ I do not wish to have the recommended blood work done at this time.

Intra-Operative Fluid Therapy

Intravenous catheters and fluids are used to help maintain blood pressure and hydration. This is important for the safety and comfort of your pet. This is increasingly crucial in older pets, if the pet has certain pre-existing conditions, or if anesthesia and surgery are lengthy. The cost for this is \$42.

_____ Please provide fluid therapy to my pet.

_____ I do not wish to have this supportive care at this time.

Miscellaneous Procedures

When your pet is asleep for surgery, it is an excellent opportunity to have additional procedures done that can be more of a challenge when they are awake. If you would like any of the following procedures, please initial the item. If you would like any additional information about any of these, our receptionists would be happy to answer any questions you may have.
